Long Walks

We decided late last year to offer some longer Sunday walks. From last December to April I led 6 walks from 7 to 10 miles and attendances of 6 to 12 walkers.

I intend to offer these walks throughout the winter and spring and would also welcome other Ramblers who may like to lead some of the walks.

We would also be looking to introduce slightly longer walks on Wednesdays for the faster walkers to run alongside the normal Wednesday walks. To help the organisation of these the walk leaders have formed a Whatapp group to assist in the communication between us.

We are exploring the creation of an on line calendar or similar to assist this further .
