

SEBR AGM 2025

Membership Report

I have been the Membership Secretary since the AGM of 2020. I can report that membership currently stands at 255 despite a trickle of new members through the year a reduction of 2 since last year. This reduction continues a downward trend from 285 in 2022 and 298 the year before but has remained constant throughout the year. Only about 10% of the membership regularly walks with the group.

I have been the SEBR Newsletter Editor since August 2021. The newsletter is sent to over 200 members who have provided email addresses to Ramblers. To receive your copy, you need to do 2 things:

1. Check your spam folder as the newsletter is sent via Brevo and your email may consider this to be spam.
2. Ensure that you notify Ramblers of any change to your details for example mobile phone number; email address; home address etc.

Andy Young

Membership Secretary
